

ANA BRADU

Green Pack Moldova

ANASTASIA CUNETCHI

Founder/Executive Director
Kuki

A sustainable business that brings environmentally friendly packaging for business and household use to the Moldovan market. They work exclusively with sustainable material. Since its founding in 2019, the company has expanded its activities and now provides customization services for packaging so different businesses can create their own branded packaging. They currently operate both locally and in the EU market. Their latest collaboration is Bokashi Organko: bins for composting biodegradable waste under home conditions that they are authorized to distribute in the Republic of Moldova.

Kuki is a jewellery design, production and marketing company. They create jewellery in minimalist style in gold and silver with the possibility of personalization through engraving. They create custom jewelry with engraving or photo printing. Kuki cooperates with several factories in Moldova, Spain, Italy, Greece, Poland, Thailand, etc. They have online shop and 2 shops in Chisinau.

NICOLETA BUZA

Director/Administrator
Gloss Beauty Studio/Natulique

OLENA NIMANIKHINA

Owner & Director
FOP Nimanikhina Olena Anatoliivna

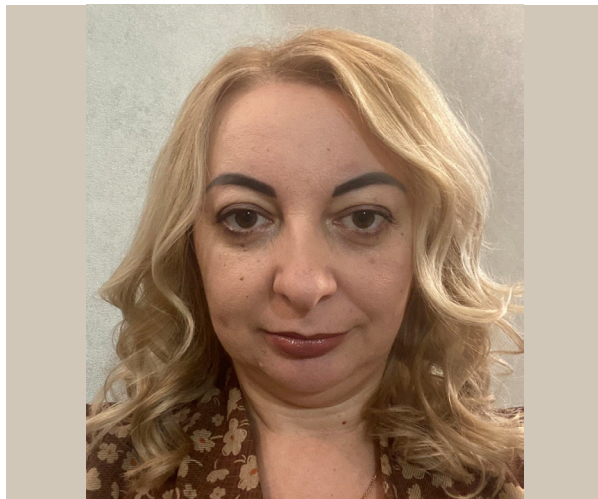

Gloss provides beauty services (hairdressing, manicure) and the sale of hair care cosmetics to the final consumer (B2C). We have also partnered with the certified Danish organic brand (Natalique) to distribute their products in Moldova to other salons and beauty care providers. Together, our goal is to provide a continuous and complete waste management process to improve the sustainability of the business.

The production and wholesale retail of women's clothing and accessories, with a focus on clothes that preserve the cultural identity of their region in Ukraine and have a unique, meaningful expression rather than following mass market trends. As a direct result of the war, Olena had to pause her operations and is now exploring how to adapt her expertise and services to the Moldovan market.

MARIA BOBEICA

Levantica

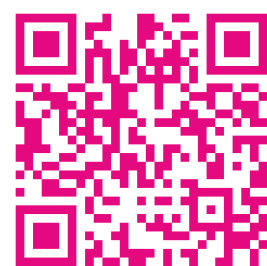

OLGA SPÎNU

Founder/Director
Good Market

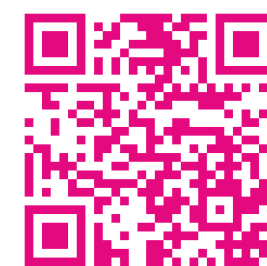

Levantica is a family business, started out of a pure desire to preserve and utilize the land. In 2017, the first 45,000 Lavender bushes were planted and they were matured for the market at the height of the pandemic in 2020. Levantica cultivates the produce of the trees to create organic products based on ethical, sustainable and ecological principles. They work with local producers to create and distribute the products.

The brand's mission is to raise awareness about the health and therapeutic benefits of lavender, and for lavender products to be part of everyday life for families across the country. They are also currently working to create halal-certified and kosher-certified products.

Online shop specialized in selling healthy products: nuts, dried fruit, seeds, honey. We deliver to Chisinau and any other place in Moldova.

TATIANA CERVAC

Director
Gospodarie Taraneasca (Fermier)
"Cervac Tatiana Valentin s. Horodiste"

IRINA BRINZA

Director
SRL Bio-Great

The farm has been active since 2016 and has managed 10 hectares of arable land, of which 2 hectares of orchard with apple trees, 2.5 hectares of early Arapaho blackberries and 5.5 hectares of arable land with annual crops (corn, sunflowers, etc.). Their goal with the farm is to offer environmentally-friendly products both locally and internationally, create jobs through the form, and introduce more efficient technologies such as irrigation systems, weather protection nets and photovoltaic panels.

Bio-Great operates in the agricultural sector and focuses on the growing of cereals, leguminous and oil seed drops. They partner with flour and sunflower oil mills, and distributors of cereals and cereal-based products.

INA CAPATINA

Owner/Manager
MoBerry

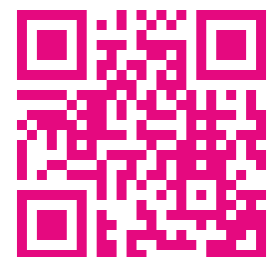

GALINA TARNA

Business Owner
GT Tarna Galina Ion

MoBerry is a seller of dehydrated organic fruits, vegetables and berries. The MoBerry production line strives for the high quality of the products through careful selection of fruits and berries, using only local Moldavian products. Our products are made at specialized factories, using original recipes that perfectly combine traditions with the finesse of the culinary art. Our goal is to push forward healthy, sustainable food production.

The company has been active since 2002 operates in the village of Ciutești, r. Nisporeni produces agricultural crops with a high degree of efficiency based on environmentally-friendly technology and principles of conservation agriculture, founded by Tarna Galina who originates from a farming family and has over 35 years of experience in the industry. The farm uses state-of-the-art technologies in the production of cereal and grain crops, and partners with and provides services to farmers in surrounding lands. The farm owns a mill that processes cereal crops and produces flour and animal feed. Their goal is to implement sustainable processes like intercropping, reduce the price of the

finished product, introduce and develop new technologies and processes, diversify their production, enhance buyer and customer relation, and expand their conservation efforts to cover more land.
