Company Profile:

Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) - is a public-benefit federal enterprise working in more than 100 countries worldwide. We work on behalf of the German Government and support public and private sector clients in a wide variety of areas, including economic development and employment, energy and environment, and peace and security. Our activities cover three priority areas: Energy and Climate, which deals with renewable energy and energy efficiency; Training and Sustainable Growth for decent Jobs; and Peaceful and Inclusive Societies, which focuses on good governance.

Project Brief:

The new programme “Strengthening the Ghanaian pharmaceutical sector with a focus on local vaccine production” takes a holistic approach to promoting the pharmaceutical private sector with a special focus on vaccine production: (i) strengthening the coordination of relevant public and private sector actors and in particular the national regulatory authority, (ii) training of specialists for the private sector and science, (iii) promoting research and development, (iv) promoting the pharmaceutical private sector.

Scope of Role:

As an M&E Specialist, you support the Programme Manage Unit (PMU). You take responsibility for creating and implementing a monitoring and evaluation system for the given programme. You are responsible on an ongoing basis for collecting, preparing and providing all relevant data and support the programme in its strategic orientation and operational planning.

Tasks:

- Creating and implementing a monitoring and evaluation (M&E) system for the programme
- Providing input for reports to the German Federal Ministry for Economic Cooperation and Development (BMZ) and the EU
- Supporting the information, communication and public relations work of the project by providing results data
- Collecting and analyzing qualitative and quantitative data
- Supporting in the preparation of studies and expert reports
- Internal knowledge management
- Supporting project activities as required
- Where appropriate and reasonable, the position holder is willing to perform tasks outside the scope of the job description.

Profile:

- BSc/MSc degree in economics, social sciences or natural sciences (or comparable)
- 5 years professional experience and relevant expertise in the areas of impact-oriented survey and monitoring
- Experience in quantitative and qualitative data analysis
- Experience in international development cooperation, ideally in an African country (preferably sub-Saharan Africa)
- Highly analytical, structured way of thinking and strong knowledge of digital applications
- Commitment, team spirit, reliability, diplomatic skills, gender competence and intercultural understanding
- Business fluent in English, knowledge of French and German is an advantage
- Willingness to travel

How to Apply:

Interested and suitable applicants are to forward their Curriculum Vitae (CV) and a one-page cover letter stating their motivation to the position and added value to the project to recruitment-ghana@giz.de quoting the **Job Code 2025/M&E/30/01** in the subject line. If you do not hear from us two (2) weeks after the deadline, please consider your application unsuccessful.

GIZ is an equal opportunity employer committed to diversity. All qualified candidates regardless of age, sex, ethnicity, race, and religion are encouraged to apply.

 **Closing date:** 13.02.202
