Dear Sir/Madam,

Thank you for showing interest in the above-mentioned tender. Queries received and clarity/responses are below:

|   | Query    | Response  |
|---|----------|---|
| 1 | 83482426 | <p>1) Annex 1 of the bid documents does not contain any information about the projects – the sub-annexes are missing. Would you be able to provide these?</p> <p><b>This has been solved now. The bidders should go the site to download them. Our apologies for the problems experienced.</b></p> <p>2) we could not find the Terms of Reference Annex Three – Drakenstein Municipality Hybrid Flood Alleviation Programme for Mbekweni, Groenheuwel and Palmiet Catchments (December 2024). Can this document please be provided?</p> |

|  |  | <p>This has been solved now. The bidders should go the site to download them. Our apologies for the problems experienced. Thank you.</p> <p>3) The Terms of Reference also refers to Annex 1.1 – Annex1.6 with these also not available on the download site<br/>Thank you. As per the answer to one above. We apologise for the problems experienced.</p> <p>4) Is it possible for one person to fill two roles on the team, assuming they have the required experience? i.e. Are we able to submit a team of three people rather than four?<br/>Yes. It just has to be clear how this will be done in terms of project management and implementation and how that person satisfies the requirements of both roles.</p> <p>5) Six concepts notes for each of the projects in the DM<br/>Thank you. As per the answer to one above.</p> <p>6) Feasibility studies<br/>I am unclear what the actual question is here. However, there are no specific feasibility studies for the 6 sites. There are concept notes only.</p> <p>7) Do you accept partnerships between organizations and if you accept what are the requirements?<br/>My understanding is that we would need one of the partners to formally submit the tender, and that partner would be the contract holder if successful. We then look at the personnel being proposed for the</p> |

Please do not include your price proposal for this measure in your technical proposal. Should you include your price proposal in your technical proposal for this measure your bid will be disqualified hence the request to separate the two.

Kind regards
